Subject: RE: Proposed agenda for this afternoon's call...

Bill – timely and helpful, thanks. I'm good with the agenda as is, if that's what the team is ready for. However, here are some additional thoughts to consider:

1. Dave Danner (UTC chair, and our lead negotiator on the legislation) and Matt Steuerwalt (Gov's Policy Director) are planning to join the call ... I hope that's ok.
2. Would it be helpful to spend 3 minutes on what we're after at Colstrip, in terms of hoped-for outcomes, and maybe why, from the Gov's perspective?
3. Is everyone on the phone current on the related efforts – e.g., the commercial negotiation, the litigation, the Montana politics – or should we spend a few minutes on these?
4. Can we tee up how the Clean Power Plan will relate to a Colstrip closure agreement?
5. Would it be helpful to hear how we see our Clean Air Rule (carbon cap) aligning with the CPP and Colstrip?
6. As it relates to EPA actions ... we have a couple ideas to put on the table for you to consider. We can do this within the context of the existing agenda.

Call if you prefer to discuss any of these. I'll be on my cell for another hour.

Thanks.

Keith

Subject: Proposed agenda for this afternoon's call...

Gents: It seems we just need to run through a couple items, so I'm proposing a brief agenda that looks like this:

1. Introductions
2. Overview of Colstrip related legislation in Washington legislation – Keith Phillips
3. Update on Colstrip regional haze issues, litigation – Shaun McGrath
4. EPA role, if any – Joe/Dennis/Shaun
5. Next steps - All

I think this is pretty fluid, so please let me know if you have different thoughts.

Thanks – Bill.
